

RESEARCH PROGRAM - INTENT TO BID FORM

Page 1 of 1

The Air-Conditioning and Refrigeration Technology Institute, Inc. (ARTI) invites all prospective bidders to submit proposals on ARTI research projects. It is requested that bidders fax this form to the attention of the cognizant ARTI staff person at least three weeks prior to the proposal due-date. This information is sought for several purposes:

- It enables ARTI to advise prospective bidders if there are substantive changes to the RFP (e.g., due date extension, clarification of work statement requirements, etc.).
- Enables ARTI to monitor receipt of promised proposals as the due date arrives.
- Permits ARTI to ascertain the level of interest in individual projects; allowing for better allocation of ARTI resources for the subsequent proposal reviews.

NOTE: Submission of this form is not a mandatory required; proposals will be accepted even if this information is not provided. Additionally, if the information is provided, the prospective bidder is not subsequently obligated to submit a proposal.
